If you are suddenly getting a blank page in GUI and an error in SSH ' license expired!' and its not time for renewal.

1. Double check that its not time for renewal.
2. Flush your Ezeelogin license cache as follows
  - Download [http://downloads.ezeelogin.com/flush\\_license.zip](http://downloads.ezeelogin.com/flush_license.zip)
  - Extract the package and execute the script on your ezeelogin server.
