

How to upgrade/downgrade license in old Ezeelogin customer portal?

149 admin August 6, 2021 [Billing](#) 4489

1. Login into the customer old portal area [customer login area](#) and click on the **License tab** on the left menu and then click on the **Upgrade/Renew** button on the right menu.

The screenshot shows the Ezeelogin Account portal. At the top, there is a navigation bar with links: TOUR, FEATURES, PRICING, TESTIMONIALS, and SUPPORT. Below this, the main heading is "EZEEOLOGIN ACCOUNT". On the left, there is a sidebar menu with options: License, Invoice, Profile, Change Password, Testimonial, Purchase, and Get free 5 server license. The "License" tab is selected. In the center, there is a "License" section with a "click here" callout. To the right, there is a "LOGOUT" button. Below the "License" section, there is a table with columns: IP Address, Type, Plan, Expires, Auto Renew, and Actions. The table contains two rows of license information. A red arrow points from the "Upgrade/Renew Plan" link in the Actions column of the first row to the "click here to upgrade license" callout.

Welcome **Bachchan James**
