1. Select User tab in ezeelogin webgui & click user add on the right.

The screenshot shows the Ezeelogin web interface. On the left is a sidebar menu with categories: Servers, Web Portals, Users (highlighted with a red box), Access Control, Settings, Cluster, Command Guard, Account, Help, License, and Feedback. The main content area displays the 'Users' tab with a search bar and a table of users. A red arrow points to a '+' icon in the top right corner of the table, indicating the 'Add User' button.
