

How to fix: "EPROTO" Error after upgrading Node's version in RDP?

310 Vishnupriya May 21, 2020 [Common Errors & Troubleshooting](#) 2910

How to fix " EPROTO" Error after upgrading Node version?

If you are getting protocol error, after upgrading Node version you just need to add `--tls-min-v1.0` to the nodejs command

in **Settings->General->Miscellaneous->Nodejs Command**.
