UnAuthorized IP Address when using proxy

316 Vishnupriya July 24, 2024 Common Errors & Troubleshooting 3792

UnAuthorized IP Address when using proxy

Overview: This article helps admin privileged users to resolve the issue of Unauthorized IP Address when using web proxy, by enabling the "**Proxy Allow All**" option under settings.

Step 1: Login to Ezeelogin software GUI as an **admin privileged user** and navigate to **Settings** -> **General** -> **Security** -> **Proxy Allow All**. This will allow access to <u>web proxy</u> from all IP addresses.
