Latest version

The latest Ezeelogin version is:

NOTE: You can create agent account for anyone who may need to manage your licenses. Every agent can login to the billing system and have the same privileges as your primary agent account to view and manage your licenses, invoices etc. However, saved credit card information cannot be viewed as they are not stored and not retrievable. But the saved card may be used to make payments within the billing system.

Buy

Note: Associating a single license with multiple IP addresses is not permitted. However, in cases where high availability is required, we offer a secondary license that can be associated with an additional IP address, providing nearly identical features.

4. Enter the Card number, expiry, name & CVC, and process the payment to issue the license.
