A banner advertisement for EZEELOGIN. On the left, the EZEELOGIN logo is at the top, followed by the text "Record, monitor and track SSH sessions of your employees" in a large, bold, white font. Below this text is a white button with the text "30 Days Free Trial". On the right side of the banner is a colorful illustration of a large laptop with a person sitting on it, surrounded by various server racks, a cloud, and other IT-related icons. The background of the banner is a solid dark green color.

EZEELOGIN

**Record, monitor and track
SSH sessions of your
employees**

30 Days Free Trial

On trying to SSH using the command , the following errors are thrown in the command line

Solution: It is because AllowTCPForwarding is set to "No" /etc/sshd/sshd_config in jumphost for security reasons. This is a recommended security setting.
