## channel 0: open failed: administratively prohibited: open failed

379 admin July 29, 2024 Common Errors & Troubleshooting 32564

How to solve "channel 0: open failed: administratively prohibited: open failed" error got while trying to SSH?

**Overview:** This article helps gateway users to resolve the error "channel 0: open failed: administratively prohibited: open failed" encountered while trying to SSH.

```
:~# ssh -J bastion_host_server remote_host_server
channel 0: open failed: administratively prohibited: open failed
stdio forwarding failed
kex_exchange_identification: Connection closed by remote host
```

The above error occurred because **AllowTcpForwarding** is set to "**No**" in the **/etc/ssh/sshd\_config** file of the Ezeelogin gateway server for security reasons. This setting is recommended for enhanced security.

#\$ /etc/ssh/sshd_config
AllowTcpForwarding no
