

# How to delete multiple users in Ezeelogin?

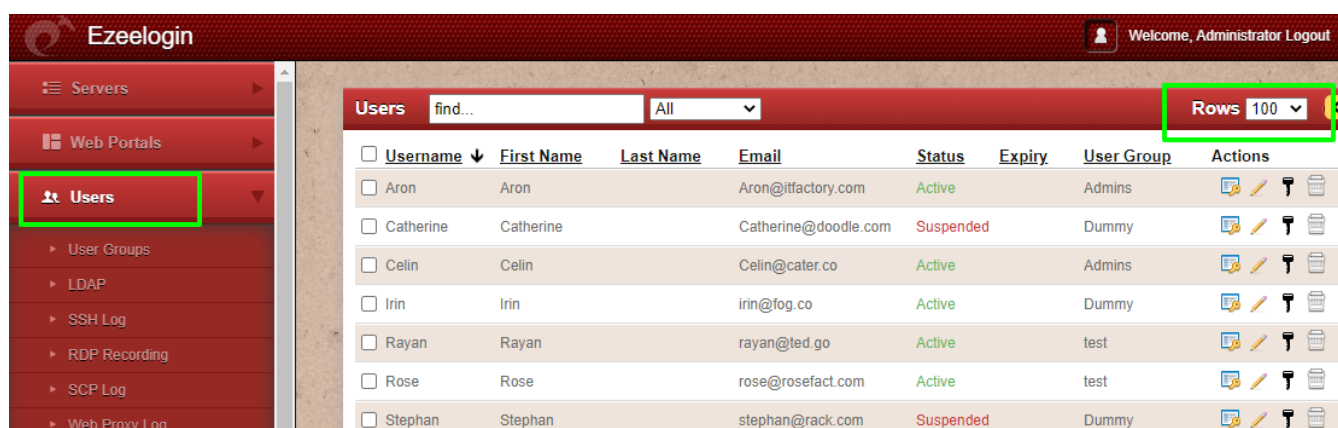

388 Riya Francis July 30, 2024 [Common Errors & Troubleshooting](#) 2627

## How to delete all users in Ezeelogin?

**Overview:** This article describes how to delete all users in Ezeelogin by adjusting the user display to 100 rows, selecting all users, and clicking delete, with additional steps if the super admin user cannot be removed.

**Caution:** The following steps will delete all the Ezeelogin Users that have been created.

1. Change the number of [users](#) listed in Ezeelogin to maximum by selecting the Rows to 100.

2. Select all users in Ezeelogin and click on the delete button to remove the users.

The screenshot shows the Ezeelogin web interface. On the left is a sidebar with a menu containing 'Servers', 'Web Portals', and 'Users' (highlighted with a green box). Below 'Users' are sub-items: 'User Groups', 'LDAP', 'SSH Log', 'RDP Recording', 'SCP Log', 'Web Proxy Log', and 'Web Proxy Activity'. The main content area has a red header 'Delete' with a back arrow and a trash icon. Below it is a confirmation dialog: 'Confirm delete selected item(s)?' with 'Yes' and 'No' buttons. A green arrow points to the trash icon. Below the dialog is a table of users with columns: Username, First Name, Last Name, Email, Status, Expiry, User Group, and Actions. The table has a search bar and a dropdown menu. A green arrow points to the 'Users' header. The table contains four rows of user data.

<input checked="" type="checkbox"/>	Username	First Name	Last Name	Email	Status	Expiry	User Group	Actions
<input checked="" type="checkbox"/>	Aron	Aron		Aron@lfactory.com	Active		Admins	[Icons]
<input checked="" type="checkbox"/>	Catherine	Catherine		Catherine@doodle.com	Suspended		Dummy	[Icons]
<input checked="" type="checkbox"/>	Celin	Celin		Celin@cater.co	Active		Admins	[Icons]
<input checked="" type="checkbox"/>	Irin	Irin		irin@foa.co	Active		Dummy	[Icons]

**Note:** If you get an " Error: Cannot delete the super admin user" click again on the delete button and the admin user will be unselected from the list of deleting users.
