# Change Terminal Emulation to vt102 from Database

413 Nesvin KN July 31, 2024 Features & Functionalities, General 3639

## How to change terminal emulation to vt102 in Ezeelogin GUI?

**Overview:** This article helps Ezeelogin gateway users to change the terminal emulation to vt102, both from the Ezeelogin GUI and via the command line.

**Step 1:** To change terminal emulation, login to Ezeelogin GUI and navigate to **Account** -> **Preferences** -> **Terminal Emulation** 

#### CLI Method:

Execute the following command on the gateway server to change the terminal emulation to **vt102** for all users from the backend:

root@ezlogin\_gateway ~]# php /usr/local/ezlogin/ez\_queryrunner.php "replace into prefix\_preferences (user\_id, name, value) select id as user\_id, 'terminal\_emulation' as name,'vt102' as value from prefix\_users"

#### **Related Articles:**

function keys in htop command not working in putty

vi editor not working, insert and delete not working in ssh
