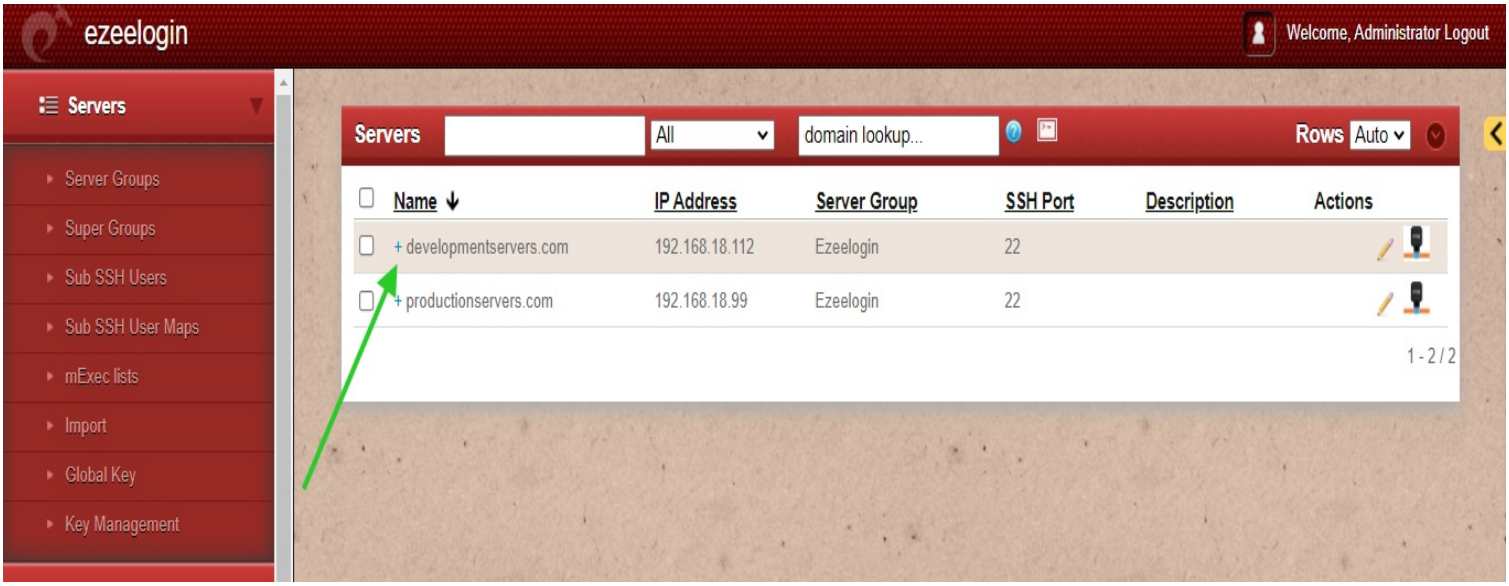
How to view IPMI password from the Ezeelogin GUI?

435 Vishnupriya August 6, 2024 Features & Functionalities, Security Features 5592

View the IPMI password

Overview: This article outlines the way a user can view IPMI passwords.

1. Ensure that you are accessing Ezeelogin with HTTPS and 2-factor authentication.
2. After enabling HTTPS and 2 FA, the gateway user needs to click on the + sign near the server name to view the IPMI password.



You can view the IPMI password as shown below:
