## How to view IPMI password from the Ezeelogin GUI?

435 Vishnupriya August 6, 2024 Features & Functionalities, Security Features 3589

## View the IPMI password

**Overview**: This article outlines the way a user can view IPMI passwords.

- 1. Ensure that you are accessing Ezeelogin with HTTPS and 2-factor authentication.
- 2. After <u>enabling HTTPS</u> and <u>2 FA</u>, the gateway user needs to click on the + sign near the server name to view the <u>IPMI</u> password.

• You can view the IPMI password as shown below:
