

# Default administrator user account in Ezeelogin

462 Manu Chacko August 10, 2024 [Features & Functionalities](#) 2588

## Locating the default administrator account in configuration files

**Overview:** This article explains that the default administrator account in Ezeelogin, created during installation, cannot be deleted or modified, and any changes to the username require uninstalling and reinstalling Ezeelogin.

The default administrator user account will be created at the time of Ezeelogin installation. This account will be the super admin who has all the privileges in Ezeelogin. You cannot delete or modify the username of this account. If you want to modify the username there is no way other than uninstalling and reinstalling the Ezeelogin.

The screenshot shows the Ezeelogin web interface. On the left is a sidebar menu with options like Users, User Groups, Authentication Log, SSH Log, RDP Recording, SCP Log, Web Proxy Log, Web Proxy Activity, Web Activity, and Shell Activity. The main area displays a table of users. The user 'ezadm178' with the first name 'Administrator' is highlighted with a green box. Other users listed include Celin, Filip, Katherin, Mathew, Merin, and zera.

<input type="checkbox"/>	Username ↓	First Name	Last Name	Email	Status	Expiry	User Group	Actions
<input type="checkbox"/>	Celin	Celin		Celin@mo.co	Active		Admins	[Icons]
<input type="checkbox"/>	Felip	Felip		Felip@do.co	Active		Admins	[Icons]
<input type="checkbox"/>	Katherin	Katherin		Katherin@mo.co	Active		Admins	[Icons]
<input type="checkbox"/>	Mathew	Mathew		Mathew@mo.co	Active		Dummy	[Icons]
<input type="checkbox"/>	Merin	Merin		merin@do.co	Active		Dummy	[Icons]
<input type="checkbox"/>	ezadm178	Administrator			Active		Admins	[Icons]
<input type="checkbox"/>	zera	zera		zera@dmo.ok	Active		Admins	[Icons]

You can also find the default administrator user account from the Ezeelogin configuration file.

```
[root@ez ~]# cat /usr/local/etc/ezlogin/ez.conf
cver 2
