How to hide server passwords from Ezeelogin users?

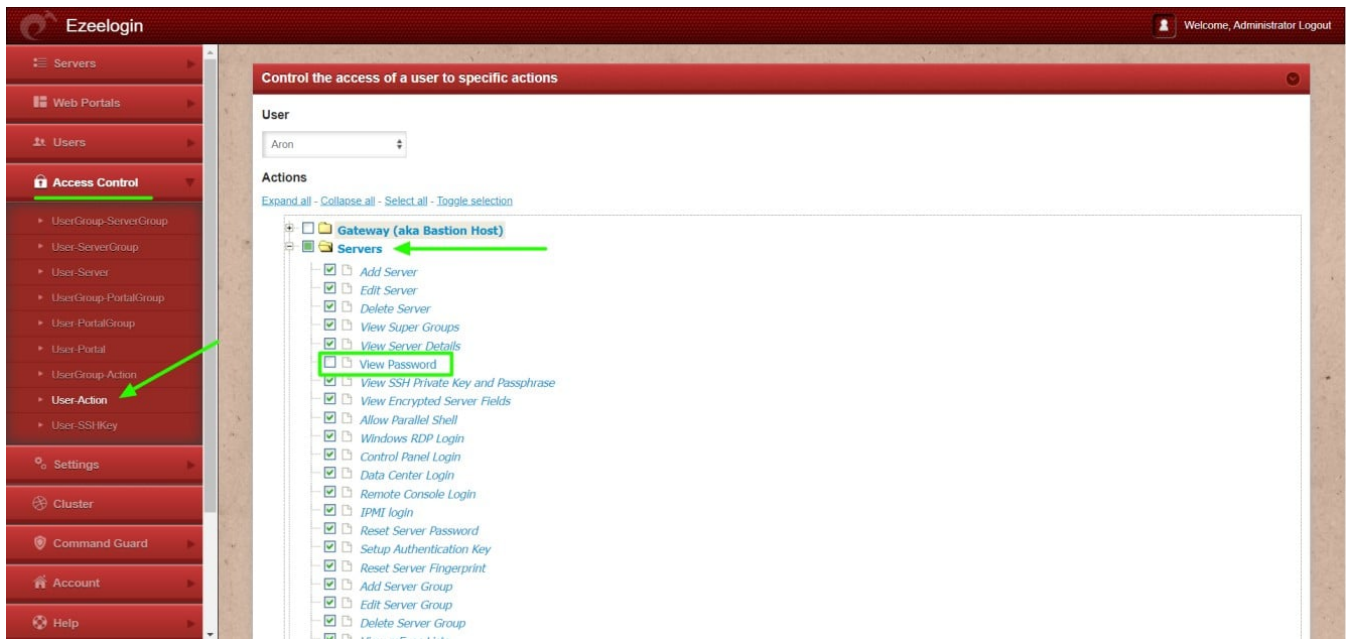

The screenshot shows the Ezeelogin web interface. On the left is a sidebar with navigation options: Servers, Web Portals, Users, Access Control, Settings, Cluster, Command Guard, Account, Help, and License. The main content area is titled 'Servers' and displays a table of server configurations. A green arrow points to the 'Password' field in the configuration details for the server named '+ Servers.com'.
