

# Trial License Vs Paid License

5 admin March 5, 2021 [General](#) 5507

## Trial License

### How many servers can i add using a trial license?

You can add unlimited servers. All features are available.

### Do I have to pay for the trial license?

No, its free for first 30 days.

### How long is the trial license valid?

The trial license is valid for 30 days.

### Will i be able to upgrade from trial to paid license?

Yes, you will be able to upgrade to paid seamlessly without losing any of your existing data.

## What is the difference between Trial vs Leased /Professional Plan

### Trial License/Free Trial

- You can add in unlimited number of servers.
- The license would be valid only for 30 days.
- In order to continue using after 30 days, you would have to upgrade to a paid plan.
- Free installation and setup
- Free Secondary license

### Leased License/Professional Plan

- Order the license for the number of server you intend to manage.
- The license would renewed automatically every month on receipt of payment.
- **Free software updates and support**
- **Free installation and setup**
- Free Secondary license
- Unlimited migration to other IP address
- 24/7/365 Priority support

## BULK PRICING

- Direct chat support
- Everything in Professional Plan
- Standalone license available
