

Record and download RDP recordings

501 Jisna Joseph January 29, 2025 [Features & Functionalities](#), [Getting Started](#) 6746

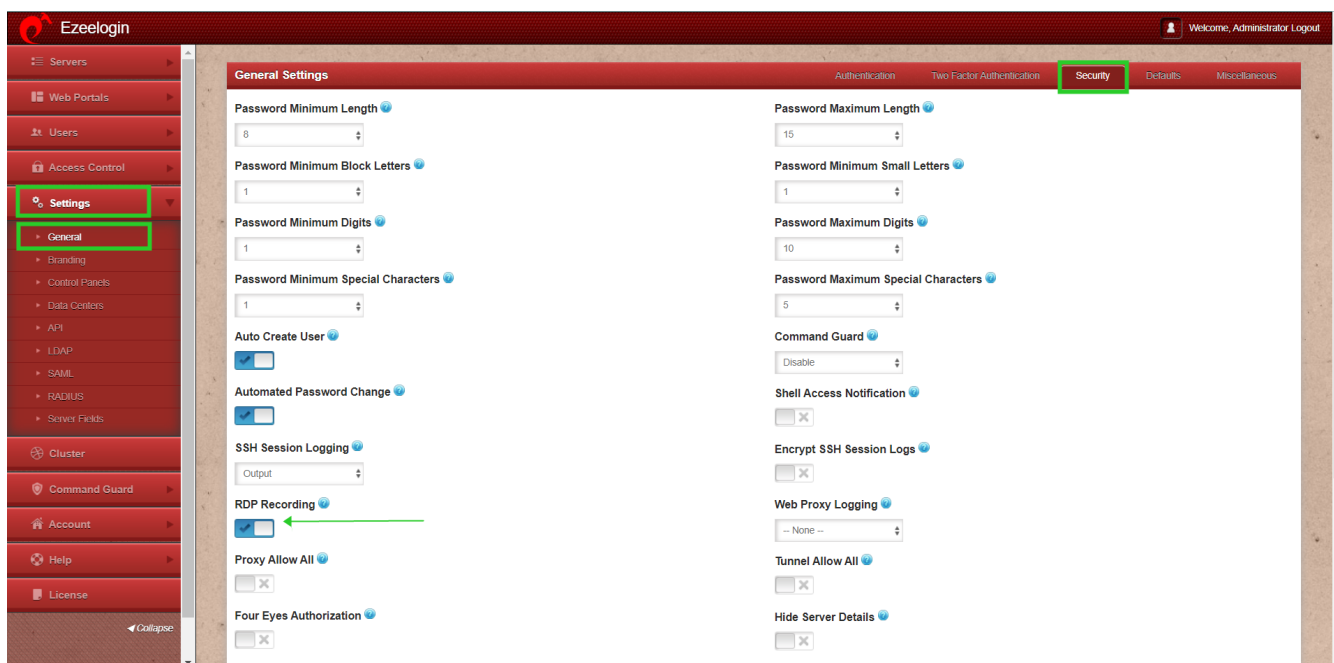

How to record and download RDP recordings?

Overview: This article specifies the steps to record and download [RDP recordings](#) by installing Awesome Screen Recorder & Screenshot extension and save the video in your desktop machine.

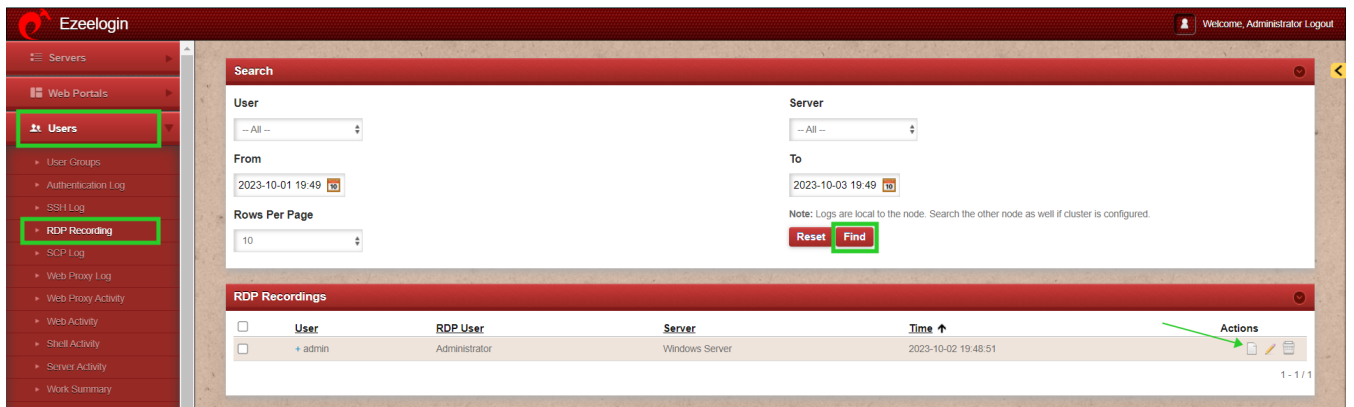

Step 1: Install the *Awesome Screen Recorder & Screenshot* plugin. Click on this link: [Awesome Screen Recorder & Screenshot](#). And add it to your chrome. Pin the plugin in your chrome for quick access.

Step 2: Make sure you have enabled the RDP recordings under **Settings > General > Security > RDP Recordings**.

Step 3: Open RDP recording from the Web GUI **Users > RDP Recording**.

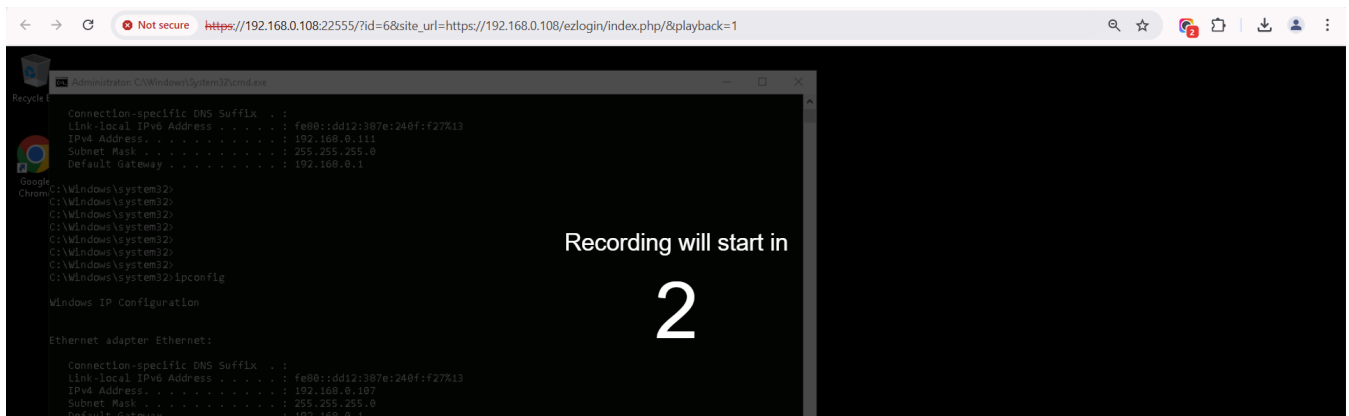

Step 4: Once the recording starts playing click on the Awesome Recorder & Screenshot extension added to your Chrome.

Step 5: After clicking on Awesome Recorder & Screenshot select **This Tab** and **Start Recording**.

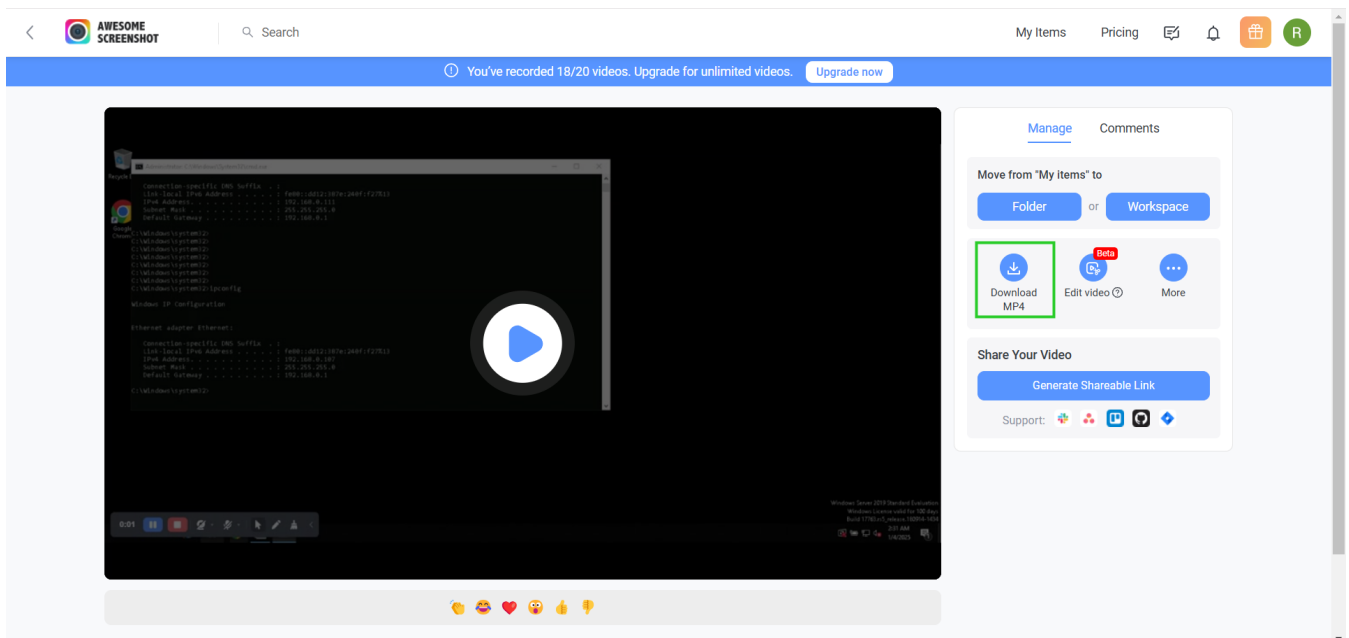

Step 6: To stop recording click again on the awesome recorder extension added to your browser and click on Stop.

Step 7: Now download the RDP recording in your remote desktop machine.

These steps will help to download the recorded RDP recordings in your desktop machines.
