Record and download RDP recordings

501 Jisna Joseph January 29, 2025 Features & Functionalities, Getting Started 7483

How to record and download RDP recordings?

Overview: This article specifies the steps to record and download <u>RDP</u> recordings by installing Awesome Screen Recorder & Screenshot extension and save the video in your desktop machine.

Step 2: Make sure you have enabled the RDP recordings under Settings > General > Security > RDP Recordings.

Step 4: Once the recording starts playing click on the Awesome Recorder & Screenshot extension added to your Chrome.

Step 5: After clicking on Awesome Recorder & Screenshot select This Tab and Start

Recording.

Step 6: To stop recording click again on the awesome recorder extension added to your

browser and click on Stop.
