## Record and download RDP recordings

501 Jisna Joseph January 29, 2025 Features & Functionalities, Getting Started 13533

## How to record and download RDP recordings?

Overview: This article specifies the steps to record and download RDP recordings by installing Awesome Screen Recorder & Screenshot extension and save the video in your desktop machine.

**Step 2:** Make sure you have enabled the RDP recordings under **Settings > General > Security > RDP Recordings.** 

Step 3: Open RDP recording from the Web GUI *Users* > *RDP Recording*.

Step 4: Once the recording starts playing click on the Awesome Recorder & Screenshot extension added to your Chrome.

Step 5: After clicking on Awesome Recorder & Screenshot select **This Tab** and **Start** Recording.

**Step 6:** To stop recording click again on the awesome recorder extension added to your browser and click on Stop.

**Step 7:** Now download the RDP recording in your remote desktop machine.

These steps will help to download the recorded RDP recordings in your desktop machines.
